

HACK D UNHACKD'

*We solve problems you don't know you had in ways
you don't understand" ~ Computer Programmer*

ABOUT HACKATHON

International Institute of Information Technology, Naya Raipur is proud to present HACK D UNHACKED' which promises to be Central India's largest Hackathon, providing limelight to the undisputed potential of geeks ;)

This aim of this event is to serve the development of the programming community by exploiting the potential of young and worthy developers.

"Hackathons are where crazy ideas become reality"
~ Alex Kern

CHALLENGES

The participants will be provided with a real world problem statements revolving around today's emerging technology and would be allowed the use of software and hardware to help implementation in any means they deem fit.

The build time will span Thirty Six Hours.

“There is only one thing stronger than all the armies of the world: and that is an idea whose time has come.”
~ Victor Hugo

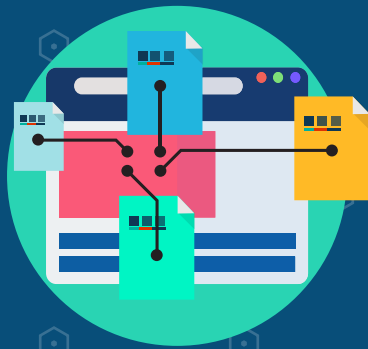

WHY SPONSOR US

Our college is recognized on a national level to deliver excellence in IT and would serve as an ideal stage to showcase the talent and brilliance of the ideates and developers who enjoy programming and are keen on solving real world problems.

The institute is located in the Smart City of Naya Raipur and thus offers amazing exposure to the most recent advancements in technology; something the participants would most definitely benefit from.

Also, the hackathon will conduct live interactions of the participants with pioneers of the industry.

Hack'd d Unhack'd will be a strong platform for both industry professionals and young developers to come together and propose solutions, taking a step further towards advancement and plant a seed of productive relations.

This event also aspires to give significant contribution to help the growth and promotion of The OpenSource Initiative

“There are 10 types of people in the world : those who understand binary, and those who don't.”
